

GaiaMat 100W/m²

The Gaia underfloor heating mats offer the perfect solution to a warmer home or commercial property. Simple to use and quick to install, the GaiaMat can be easily rolled out and is designed to fit under a range of floorings.

The GaiaMat is a strong self-adhesive mat, with 360° fully screened twin conductors encompassed within a tough yellow PVC outer sheath (non-UV stable). With just a 4mm thickness it can be easily and quickly fitted directly onto the existing floor, making it perfect for renovations.

Our high-quality underfloor heating mats are minutely inspected and manufactured to conform to all EU standards, enabling trouble free warm floors and providing complete peace of mind with their 12-year warranty.
